

A 1 week very practical program (30 hrs): General Italian Course or peer work with a trainer + tuition on methodology + teaching practice + afternoon activities

Lucca

This course has an extremely practical approach and is aimed primarily at those who are interested in a specific teaching of the spoken language. In addition to the subjects of language teaching, the program offers a constant opportunity to practise and improve the knowledge of the language. This is why it is particularly suitable for non-mother tongue teachers who don't live in Italy and feel the need for a more general direct contact with the language and the culture

1 week €520

The course includes a frequency of 30 hours divided into guided observation of the class and language lessons, teaching practice, lessons in language teaching and laboratories according to the following structure:

- Teaching practice and work in peer with a teacher trainer, 20 lessons, 9.00 am – 1.00 pm: this part of the course gives the opportunity to observe the teacher's experience in the classroom and the different teaching techniques, possibly at different levels.
- Tuition on Methodology (One-to-one) - 10 lessons, 2.00 pm – 4.00 pm: this is a feedback session which will support the teaching practice in the classroom. The work will be done in pairs, in groups and individually
